SUBJECT: DCI Intelligence Community
Objectives

1. We have taken a quick look at your list of Intelligence Community Objectives and prepared the attached rather hasty response. Given the great pressure of other business and the deadline involved, we have unfortunately not been able to focus on this task the thoughtful, considered attention it really deserves.

2. Attached is a suggested revision prepared by (Acting Economics NIO) in conjunction with (Acting Soviet NIO) and checked with a couple of our other colleagues. It was prepared in light of a general discussion held at our NIO staff meeting on Thursday. I have made one particular revision (in paragraph three). I do not think the DCI should commit himself to reconstituting the old Human Resources Committee, since further reflection may well indicate that this is not the best approach to the problem in question.

REMARKS:

-- may believe that we oversimplified, particularly in the case of #11.

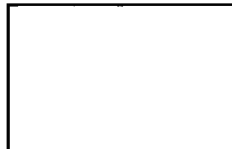

-- We did not cut out any IC Staff suggested substance.

-- #8 is intended to be a broader statement of IC's #8 on crisis management.

-- Our only addition is #12.

-- would prefer to call these management objectives. I'm not strong on that as more than management is involved in several

-- Agreed to by saw parts as we worked.
